

Scholarship Requests

Scholarships for CWACM gatherings

CWACM maintains a Scholarship Fund as a commitment to the value we place on community, supported by contributions from Movement constituency. We seek to remove financial barriers to attend CWACM gatherings. We are often underemployed and unemployed because of the way society positions people on the margins and those who work alongside them. In spite of best fundraising efforts, there may be more scholarship requests than available funds. We offer these guidelines so decision-making is transparent.

- Anyone seeking financial support only need ask. While that may be difficult we hope to remove any barriers to a request.
- The executive director receives the request for scholarship support.
- The E.D. will walk through a few questions with the requesting person.
- The E.D. takes the request to the Scholarship Team who will consider the funds available and number of requests and make a determination.
- Scholarship applications are requested three months ahead of the event.
- We seek for this to be a gentle process honoring our collective commitment to supporting presence as our funds will allow.

Scholarship Application

Date: _____

Name: _____

Email: _____

Cell: _____

Mailing address: _____

Tell us about your request with as much detail as possible. We have limited funds and seek to accommodate all requests as best as we're able. _____

Total Need Requested \$ _____

My request breakdown:
