

# CWACM Waste Reduction Packing List

- Reusable water bottle
- Set of silverware (feel free to reuse plastic silverware from a restaurant!)
- Travel mug or mason jar for beverages
- Mason jar with lid or plastic container for any leftovers (a plastic container is lighter weight, but a mason jar can be used for leftovers and/or beverages, serving two purposes)
- Stainless steel or reusable plastic/silicone straw (if you use straws)
- Cloth napkin/handkerchief

Please note that we will also be collecting any Terracycle items that each of us accumulate on our travels or during our time in Phoenix. Relevant items accepted by Terracycle include protein bar/granola bar wrappers, chip/snack bags (snack size or full size), and any empty cosmetic/hygiene packaging (toothbrushes, toothpaste bottles, make-up containers, make-up brushes, etc). You can learn more about Terracycle at [terracycle.com](http://terracycle.com), and if you have questions during the Summit, see Katie.
